## COMMERCIAL BUILD-OUTS

---

### Does your commercial or residential facility need a new look?

A new professional tenant wants a custom office build-out. A 5-star hotel needs to construct a port-cochere to enhance guest arrivals and departures. A high-end residential facility must retrofit their building. And a major retail outlet needs to expand its footprint. Who do they turn to for top-quality construction services?

### Baystate: The commercial construction contractor that delivers

Baystate Services, Inc. is a licensed general contractor and builder that offers ground-up construction services and build-outs to commercial property owners, retail outlets and high-end residential facilities.

For over 20 years, we've been delivering high-quality results on spec, on time, and on budget — with minimal disruption to our clients' ongoing operations. Fully insured, bondable, and OSHA-compliant, Baystate provides turnkey general contracting services to businesses and commercial property owners of all sizes.

### From pre-construction to final finish: Baystate does it all

Our project managers will work with your architects and engineers through the design and pre-construction phase to plan every step of the project, putting our value engineering skills to work to reduce costs. From site survey to custom-designed interior and exterior finish work, the Baystate team will make your next build-out the talk of the town.
